EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Gustavson on 2/09/2004.

The application has been amended as follows:

In claim 3, line 5, --wherein the locking element in the hub includes a T-shaped slot and the locking element in the radial brace includes a T-shaped portion received in the T-shaped slot—has been inserted after "together".

Claim 8 has been canceled.

Claim 11, line 1, "8" has been changed to --3--.

In claim 14, line 3, --wherein the step of inserting the locking member of a first member includes the step of inserting a locking member of a curved brace—has been inserted after "together".

Claim 16 has been canceled.

The following claim has been added:

--23. A salt platform, comprising:

a plurality of hubs, each hub having at least one locking element;

at least one radial brace, the radial brace having first and second ends, each end having a locking element to engage a locking element in a hub to secure the radial brace and hub together, and;

further comprising a plurality of curved braces having locking elements to secure a curved brace to a hub.—

Drawings

New corrected drawings are required in this application because those submitted on 3/30/2000 are informal and contain inconsistent hand drawn lines, labels and numerals. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Krisanne M. Thornton whose telephone number is 571-272-1279. The examiner can normally be reached on Mon.-Wed. 6:30am-4:00pm and alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Robert J. Warden can be reached on 571-272-1281. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
